Cardboard Storage

ASG602

Cardboard storage cabinet with evenly distributed shelves provides an organized space for storage. Its practical and functional design is ideal for all types of spaces.

BODY

White Oak

x ud/box

x kg

Components

Sides, base, top, and shelves:
- 19 mm thick particleboard with 2 mm PVC edges and decorative laminate surfaces.

Back:
- 10 mm thick particleboard with decorative laminate surface.

Legs:
- 40 mm high PVC.

Main Features

- 10 individual compartments.
- Shelves supported for maximum safety. Fixed using eccentric connectors.
- Easy and quick assembly.
- Rounded edges.

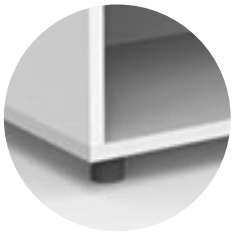

Maintenance

- Check the joints between parts.
- Check the condition of the legs.
- Check the condition of the shelves to ensure there are no breaks or cracks, and inspect their side anchors.

Cleaning

- Remove dust with a dry cloth or brush. Clean with a sponge or cloth using neutral soap or a mixture of water and vinegar. For stubborn dirt, grease residues, or stains, ammonia can be used.
